

Sanbonani

Resort Hotel and Spa

We hereby pledge, in as far as is possible, in all our operations and in our Chalets, Rooms, Reception, Restrooms, Offices, Workstations, Restaurant, Ladies Bar, Kiosk, Toilets, Vehicles and on the Resort generally, to use our best endeavours to adhere to all regulations, standards and protocols of Covid-19 as set out by the relevant Health Department/s, World Health Organisation as published, NCID and the Tourism Business Council of South Africa that affect the running of a Resort of this nature - we also pledge that we will continue to do so until such protocols are withdrawn or replaced by alternative industry health and safety operating protocols.

In addition, we will, as has been consistent with our commitments, continue to procure and make use of services that are integral with emerging small and micro businesses and support and assist our local enterprises in Hazyview and surrounds in Mpumalanga, South Africa.

We do this in recognition of our critical role to provide safe accommodation, activities and experiences throughout the Resort in this time of the Covid-19 pandemic.

We commit to these protocols because we understand that we carry the responsibility to use our best endeavours to protect our guests, visitors, staff, out-sourced staff and sub-contractors from Covid-19 risk, and we additionally acknowledge that we also have the particular duty to care for known high risk guests and staff, with respect of the Coronavirus risk.

Furthermore, we acknowledge that we will adopt and follow these protocols because we recognise our role in the Tourism Industry, to support the leaders of our Country, in their aims and measures that are taken to minimise the spread of the Coronavirus, and flatten the curve of the COVID-19 pandemic.

Sanbonani Management & Team

SPREAD THE WORD – NOT THE COVID-19 VIRUS

TIPS TO STAY WELL

Wash your hands frequently with soap & water, or use an Alcohol based sanitizer

Wear a Cloth Mask when you leave your house. Mask should be over nose and mouth – avoid touching your face

Social Distancing 1,5-meter – 2-meter from each other.

Clean & disinfect surfaces and high-touch objects – door handles – desks – phones & keyboards

Avoid crowds especially sick people

Cover nose and mouth when coughing and sneezing – Sneeze into a flexed elbow or tissue.
